REPORT

OF THE

PROVINCIAL SECRETARY

OF THE

PROVINCE OF ALBERTA

INCLUDING THE REPORT OF THE

REGISTRAR OF JOINT STOCK COMPANIES

1907

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY

EDMONTON:
JAS. E. RICHARDS, GOVERNMENT PRINTER
1908

LIBRARY OF THE UNIVERSITY
OF ALBERTA.

EDMONTON, December 31, 1907.

To His Honour,
GEORGE HEDLEY VICARS BULYEA,
Lieutenant Governor of Alberta.

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present to Your Honour the report of the Deputy Provincial Secretary and Registrar of Joint Stock Companies for the twelve months ended December 31, 1907.

Respectfully submitted,
W. T. FINLAY,
Provincial Secretary.

13174

EDMONTON, December 31, 1907.

HON. W. T. FINLAY, M.P.P.,
Provincial Secretary.

SIR,—I have the honour to submit herewith the report of this Department for the year 1907.

It is pleasing to report that the remarkable commercial activity and expansion referred to in my report of last year has continued without abatement during the year which has just closed, and, despite the financial stringency that has obtained in nearly every part of the world and which has tended to a curtailment of business operations generally, the commercial activity evidenced in my former report has never ceased. Perhaps the most convincing evidence that can be offered in substantiation of this statement is to refer to the revenue collected by the department during the year as compared with that collected from the same sources during the twelve months of 1906, and comparative statements of which are herewith appended:

STATEMENT OF REVENUE.

	1906	1907
Companies	$11,827 30	$12,197 50
Foreign Companies	9,994 00	14,297 45
Marriage Licenses	2,424 00	3,130 00
Auctioneers' Licenses	705 00	795 00
Pedlers' Licenses	300 00	475 00
Automobile Licenses	123 00	169 00
Gazette fees	970 00	1,290 00
Certificates under P.S.	75 00	121 00
Miscellaneous	45 00	10 00
	$26,463 30	$32,484 95

Increase for 1907, $6,021.65.

The revenue collected during the year 1907 exceeds that collected for the previous twelve months by $6,021.65. These figures will show, I think, that the world-wide financial depression of the closing year, the effects of which have been so severely felt in many quarters, has not been nearly as severe in Alberta as in many other parts.

Since my last report the offices have been moved from the Empire Block on Jasper Avenue to the Terrace Building erected by the Government on the site purchased on which to erect the permanent capitol buildings. The removal of the offices from the heart of the city has had a very beneficial effect in many ways. This is most noticeable by the almost complete cessation of personal visits by those having business with the department. Formerly personal visits were made, whereas now the medium of the mails is used, which is much more satisfactory. The noise, too, of the street traffic which proved very annoying in the old offices, has been left behind, and on the whole the move is very satisfactory.

SESSION OF 1907.

At the Session of the Legislature of 1907, a number of the Acts and Ordinances coming within the purview of your department were amended so as to coincide more satisfactorily with existing conditions. These amendments were made after careful consideration, and only when it was evident that no interest, public or private, would be prejudiced thereby. The principal amendments were those affecting the registration of foreign companies, and the incorporation of joint stock companies. In addition to these amendments an Act was also passed providing for the incorporation of religious societies. This Act is known as The Congregations Holdings Act, Chapter 22, Statutes of Alberta, 1907.

THE UNIVERSITY.

Early in the year a register was opened by the Department, pursuant to the provisions of The University Act, for the purpose of permitting the enrolment of graduates to constitute the first Convocation of the University of Alberta. Convocation has been summoned for March 18th and enrolment will not cease until February 18th. Up to the present date 270 graduates have availed themselves of the opportunity offered to participate in laying the foundation of Alberta's University. A significant feature of the enrolment is the fact that graduates have enrolled from every part of the province which is indicative that the interest in the matter is not local but provincial in its scope, and the university will receive the hearty support of graduates generally.

ARMORIAL ENSIGN.

Early in the year an application was presented to the Secretary of State of Canada, for transmission to His Majesty the King, praying for a grant of an armorial ensign for the province. This request was acceded to by His Majesty, and on May 30th a warrant was issued by the Right Honourable the Secretary of State for the Colonies granting to the province the armorial ensign now in general use. The design is a very artistic one and has been very favorably commented on by those competent to judge.

INCORPORATION OF NEW TOWNS.

During the year proclamations have been issued creating four new towns in the province. The newly incorporated towns being Daysland, Taber, Magrath and Nanton. The establishment of new towns is always a healthy sign and portrays a continued increase of population throughout the province.

COMMISSIONS.

A large number of commissions have been issued appointing notaries public, justices of the peace and commissioners for taking affidavits, thus assisting the administration of justice and the expedition and facilitation of legal work generally. In addition to the above, commissions were also issued appointing six King's Counsels in the province, the first to be appointed in Alberta. A list of persons to whom commissions have been issued will be found in the appendix, as will also a list of all proclamations received and issued during the year, Imperial, federal and provincial.

LICENSES.

The number of licenses issued by the department during the year is largely in excess of last year. This applies to licenses of all classes,—marriage, auctioneers and pedlars.

REGISTRATION AND INCORPORATION OF COMPANIES.

Undoubtedly the greatest volume of the work of the department is in connection with the registration and incorporation of companies. It was generally felt last year that the first year of the province's history would probably be the greatest so far as this work was concerned, but great as was the result of 1906, the year 1907 has exceeded that of the previous year to an extent far beyond the most hopeful expectations, as the following figures will show.

In 1905-6 the number of joint stock companies incorporated was 161. The aggregate capitalization of these companies was $18,552,-005.00. In 1907, 198 companies were incorporated with an aggregate capitalization of $22,166,950.00.

There were 60 foreign companies registered in 1905-6, representing an aggregate capitalization of $52,405,000.00, while in 1907 the number of companies registered was 58, with an aggregate capitalization of $47,425,000.00. In comparing these figures it must be taken into consideration that this report covers the 12 months of 1907 only, while my former report was for a period of 16 months of 1905-6. The fees for incorporation of companies for 1907 amount to $12,197.50, which is an increase of $370.20 over the previous 12 months, while the fees collected during 1907 for registration of foreign companies amount to $14,297.45, which is $4,303.45 more than was collected during the year 1906.

CREAMERY AND CEMETERY COMPANIES.

Several creamery companies have been incorporated during the year under the provisions of The Dairymen's Act, and quite a number of cemetery companies have filed articles of association under the provisions of The Cemetery Ordinance. Some 14 congregations have applied for and been granted incorporation under the provisions of The Congregations Holdings Act, passed last session. This Act seems to have met a long felt want amongst various religious denominations. It provides a safe, inexpensive and simple means of incorporation and enables all congregations to borrow a limited amount of money on the property of the church for the purpose of building homes for the pastors or for enlarging their places of worship.

APPENDIX.

A complete list of all companies incorporated or registered during the year under the various Ordinances and Acts for that purpose will be found in the appendix, together with such other information as may be of general interest to the public.

PROPOSED LEGISLATION.

Legislation will in all probability be introduced at the approaching session of the Legislative Assembly providing for the registration of commercial firms. A large number of foreign incorporated commercial firms are now preparing to establish branch warehouses in the

province, but they complain that the regularly prescribed fee for the registration of foreign companies is excessive and have suggested the imposition of a yearly tax instead of a straight initial fee. It is recognized that the province would be materially benefited by the establishment by the various wholesale firms of the Dominion, of branch warehouses in Alberta, and it is felt that some encouragement should be given to them. Legislation looking to this end is now under consideration, and will probably be introduced at the present session.

GENERAL REMARKS.

The volume of business transacted during the year has vastly increased the demand for filing space, and additional filing cabinets have been found necessary and procured.

The department has endeavoured to comply as expeditiously as possible with the many matters which have come within its purview during the year, and so far as the writer is aware no complaints have been registered by those having business with it.

Generally speaking, I think the work performed by this branch of the Executive during the year has given the public entire satisfaction. As a rule Governments are blamed for being dilatory in attending to matters where the general public is concerned, and, with a view of obviating this stigma so far as this department is concerned, earnest endeavour has been made during the year to expedite the transaction of business to the utmost. How far our efforts have been successful those who have had business with the department alone can testify, and I can only say that the work of the department has been conducted without fear, favour or apology, and the same measure of justice has been accorded to all.

Respectfully submitted.

I have the honour to be, Sir,
Your obedient servant,

HAROLD W. RILEY,
Deputy Provincial Secretary
and
Registrar of Joint Stock Companies.
